

# Give Twice This Summer

During the summer months, with more people on the road and taking vacations, the local blood supply can be difficult to maintain.

Unfortunately, the need for blood products doesn't take the summer off and we still need to have 60-70 donations *every day*.

When you GIVE TWICE this summer you can help us maintain the local blood supply and assure that blood products are on the shelf when patients need them!

## Pledge to Give Twice

### It's Easy

All you need to do is

- donate at the Blood Center or on any Bloodmobile in July or August
- Donate a second time 8 weeks later!

For information Please call  
(707) 443-8004 or visit
